

README: SNAP-SCM-CAN2B R2.0c

This readme applies to the firmware for the Opto 22 SNAP-SCM-CAN2B communication module.

NOTE: This firmware is compatible only with the SNAP-SCM-CAN2B module. To find the most current firmware for this module, see the [Downloads section](#) on the [Opto 22 website](#).

Version R2.0c

April 17, 2019

Bug Fix

[KB86512](#): SNAP-SCM-CAN2B buffer overruns may occur at baud rates higher than 250 kbps
